

P-WAVE®

The highly fragranced, simple solution to bad odours

Easy Fresh Fan & Cover

Active fan air freshener – The fragrance is in the recyclable cover, no more harmful aerosols!

It's time to ditch the aerosols and go green. The discreet Easy Fresh system can be placed on a wall or ceiling without any spills and the unique design ensures that fragrance from the recyclable cover is propelled around the room for the full 30 days. Light activated to conserve battery power, the Easy Fresh fan unit is designed to work harder as the cover nears the end of its life, to ensure an even fragrance delivery. Features low battery and cover change warning lights and an audible bleep so that you know when to change the cover.

At a glance:

- Packed with fragrance
- 100% recyclable
- Constant fragrance, no peaks and valleys vs an aerosol
- Low in Volatile Organic Compounds (VOC's) – Compliant in Europe
- Fan helps to carry the fragrance around the room – covering up to 16 sq metres
- Intelligent fan powers down when the lights go off to conserve the battery
- Versatile fitment – can be placed on a wall or ceiling and at any height!
